

Electric Water Pump

New Product Category - 3 SKUs Added

When a cooling system fails, it can lead to engine overheating. To provide you with a premium replacement, we're excited to introduce a new line of Electric Water Pumps. Each one is an OE-exact-match part that ensures precise fit and proper flow of antifreeze and coolant.

High-Temp Blower Motor Resistor Connector

New Product Category - 5 SKUs Added

We're excited to introduce a new line of High-Temp Blower Motor Resistor Connectors. Each connector features 12-gauge TXL copper wiring, high-temperature harness material, and heavy-duty mating connections to prevent the burning and melting that occurs to factory harnesses.
