## THINK TECHSMART, FIRST

## **Turbocharger Oil Drain Tube**

TechSmart® introduces an improved Turbocharger Oil Drain Tube for Ford 6.0L diesel applications. The TechSmart® engineers enhanced the design of the rust-prone high-failure OE by developing a drain tube that uses Zinc plated cold-rolled steel.

TechSmart® Turbo Oil Drain Tube outperforms the OE. **New O-Rings included.** 

Ford Diesel Trucks 2010-05 VIO .5 Million

## **Salt Fogging Test**

Our engineers subjected OE and TechSmart® samples to a salt fogging test for 48 consecutive hours to accelerate corrosion and see how our improved TechSmart® design would compare to the original.

## The Result

The pictures tell the story. The OE tube began to rust almost immediately while the improved TechSmart® tube showed almost no corrosion. Technicians can trust TechSmart® proven quality for a smart solution to an OE problem.

Salt	t Fogging Test Specifications	
Environment	Fog Chamber	
Temperature	95°F / 35°C	
Solution	5% Sodium Chloride, 95% Distilled Water	
Application	Continual Spray	
Duration	48 Hours	
Drying	Warm Water Rinse, Air Dry	
		2.9 75
